

Accounting

Accountancy is one of the oldest and most respected professions in the world. Jobs exist within specialist firms of accountants, or finance, wages and accounts departments. Over the last decade there has been a major shift from manual to computerised accounting systems. The industry has a tradition for training to standards/examinations set by professional bodies, eg Association of Accounting Technicians (AAT) and the Association of Certified and Chartered Accountants (ACCA). Opportunities exist for good career progression for committed individuals.

ACCESS OFFER:

Apprenticeships

Advanced Apprenticeships

AAT Foundation, Intermediate and Technician stages

Access have delivered vocational training programmes for employers and individuals since 1983. Committed to quality training and continuous improvement, we have built a reputation for our professional yet friendly, caring and supportive approach.

In partnership with local Further Education Colleges, we deliver a range of programmes with companies throughout Tyne and Wear. Delivery is through a mixture of 'on' and 'off the job' training, tutorials and workshops planned around individual and company needs. Each AAT level would be expected to last approximately one year. Completion of the AAT Technician stage would allow full membership of AAT.
