

Manufacturing

The Manufacturing Industry is huge, supplying over 20% of the jobs in the North East. The range of products manufactured varies greatly, as do the processes and materials used. Most often work is carried out in a factory or workshop environment. Adult workers are often required to work on a shift basis.

ACCESS OFFER:

Apprenticeships

Access have delivered vocational training programmes for employers and individuals since 1983. Committed to quality training and continuous improvement, we have built a reputation for our professional yet friendly, caring and supportive approach.

We offer a variety of training programmes with companies throughout Tyne and Wear. Delivery is through a mixture of 'on' and 'off the job' training, tutorials and workshops. Apprenticeships would usually take one year to complete.

APPLICANTS SHOULD BE:

- employed in, or interested in, a career in manufacturing
- practically minded
- good at problem solving
- able to use initiative
- prepared to work hard to achieve success
- keen to achieve further qualifications

QUALIFICATIONS AVAILABLE:

- NVQ 2 in Performing Manufacturing Operations
- Key Skills (including Communication and Application of Number)
- Technical Certificate
- RITB Fork Lift Certificate
- Manual Handling Certificate
